

Projects *for Segmented Turning—from The Bowl Kit Company*

Bowl Plans

Our design instructions for constructed woodturnings are available at various skill levels from simple segmented to more difficult constructions. Each set of plans includes a color reproduction, descriptive text, detailed drawings and a scaled template for turning. Southwestern and contemporary plans available.

Suggested Retail: \$11.95 ea.

Bowl Kits

Designed for easy assembly and turning, these bowl kits include all the wood materials needed to complete the projects including detailed instructions and a full scaled template for turning. The techniques of segment and stave construction are explored and only a few basic shop tools are needed.

Small Kit Suggested Retail: \$79.95

Large Kit Suggested Retail:

\$149.95

Ten-Plan Set

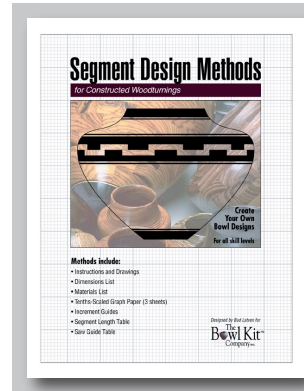

A book of all ten segmented bowl plans ranging from easy to difficult. Each set of plans includes step-by-step instructions, detailed drawings, exploded views and a full scaled template for turning.

Suggested Retail: \$79.95

Segment Design Methods

Segment Design Methods teaches the fundamentals of designing and constructing segmented bowls. It includes a step-by-step sample project, dimensions and materials lists, segment length and saw guide tables, a guide template and three sheets of graph paper.

Suggested Retail: \$14.95

Premium Veneers

Prepackaged premium veneers are available in 3 sq. ft. packages of Black, White, Red, Yellow, or Blue. The Combo pack includes Black, White, and Red. The Rainbow pack includes Red, Yellow, and Blue. These veneers are designed to be used with our plans and other constructed woodturnings and woodworking projects.

Suggested Retail: \$21.95 ea.
